

Geneva Academy of International Humanitarian Law and Human Rights organizes an informal breakfast discussion on the topic as part of the Geneva Academy IEDs platform*

2018 UNSG report on IEDs: towards a comprehensive report

Date: 19 April 2018, 8.45 am – 11.00 am

Venue: Villa Moynier, 120B rue de Lausanne (parking Villa Barton or Perle du Lac)

Context: OP27 of resolution A/RES/72/36 (2017) requests the SG to issue before the 73rd session of the GA First Committee a report: “*acknowledging and taking into account existing efforts, both inside and outside the United Nations, and seeking the views of Member States*”. UNODA invited states to give their views on before 15 May. There is however no indication as to how the report will take into account non-UN, non-state inputs on the efforts that OP27 refers to. Those entities at stake here are primarily the civil society and the private sector. These two aspects were indeed not given sufficient consideration in the global efforts to stem the use of IEDs.

Concept: In the presence of the Desk officer of UNODA (New York) responsible for the first draft of the SG report, the Geneva Academy wishes to a mixed group of states, private sector stakeholders and civil society actors to take part in an informal breakfast discussion on the forthcoming SG report.

Participation: We have invited a mix group of persons representing all the stakeholders mentioned above as well as some states.
